Work Experience

Freelancing Web Development & Graphic Design January 2017 - Now

Impact - I helped legitimize my clients' businesses through photography and graphic design. I was responsible for creating multiple signs for a local mechanic which increased customer loyalty and overall sales by 43%.

Book Design May/2019 - May 2020

Impact - I created interesting and captivating book covers for a local author's guild. I was able to help my clients increase book sales, promote their businesses, and speed up production.
